## DIRECTORS' REPORT

Financial Statements (unaudited) for quarter ended March 31, 2017
The Group recorded a profit attributable to equity holders of $\$ 1.5$ million for the three month period ended March 31, 2017 compared to $\$ 2.1$ million profit for the same period in the prior year. This equates to 8 cents per share (EPS) compared to 11 cents per share (EPS) in the prior year.

The decline in the profit is primarily attributable to reduced sales to British visitors at our associated company, Duty Free Caribbean, as a result in the fall in the value of the pound sterling following the Brexit referendum. This decline in earnings was partially offset by an improved performance in our investment portfolio compared to the prior period. We are pleased to report that our Cave Shepherd Visa Card transaction volumes have exceeded expectations for the first quarter of the year.

Caribbean countries, including Barbados are facing challenging economic times and this is reflected in our retail operations results for the period to date, but we believe that the Group is well positioned to navigate this period of uncertainty
