## DIRECTORS' REPORT

Financial Statements (unaudited) for quarter ended March 31, 2018
The Group recorded a profit attributable to equity holders of $\$ 1.9$ million for the three month period ended March 31, 2018 compared to $\$ 1.5$ million profit for the same period in the prior year. This equates to 11 cents earnings per share (EPS) compared to 8 cents earnings per share (EPS) in the prior year.

The increase in the profit is primarily attributable to our main associate, Duty Free Caribbean (Holdings) Ltd. (DFCH) which recorded increased sales to tourists for the period. However, local sales are down and continue to be affected by the depressed economic conditions in Barbados. Our Cave Shepherd Visa Card operations continue to perform well and have shown increased sales and profitability compared to the prior year. The increase in earnings by the Group was partially offset by a reduction in our financial assets compared to the prior period as a result of the decline in the value of our portfolio linked to uncertainty in the overseas stock markets.

Barbados and the other Caribbean countries continue to face challenging economic times, however we have seen a positive trend in tourism which has translated into improved results for our duty free retail business. If this trend continues, it will provide a boost to our overall results for the year.
